

HOW TO SCORE

Please see directions on how to complete the score card below. Only one score card should be completed per match, with the two scorers working together. In the event a spare score card is needed, they can be found at the back of the clipboard or at the info desk.

Score cards must be signed by captains and umpires at the end of the match. Do not forget to turn the score card over and have teams (senior divisions) and umpires (junior divisions) fill out the MVP votes on the back at the end of the game. It is the scorer's responsibility to ensure this happens. Please ensure the score card is complete and correctly filled out.

At the end of each match, the winning team should return the fully completed (including MVP votes on the back) score card to the info desk. In the event of a draw, the first listed team on the schedule should bring the score card to the info desk.

Each game has two scorers from two different teams assigned to score, so we shouldn't have any issues with a game not having a scorer. However, if there does happen to be a point where a game is missing a scorer, inform the info desk immediately – a player or volunteer from the playing teams should score until a volunteer from the info desk arrives, so that you do not lose any playing time.

For each goal the respective team scores, cross it off. If a goal is given for a tournament rule penalty (late to court, uniforms, etc.), please indicate the penalty and number of goals along the side of the score card.

For grading rounds, this section will already be filled out. For division rounds, fill out any missing information - division, time, court no., and team names - all found on match schedule.

Fill in the score at full time and half time in the appropriate box.

Captains for each team must sign the scorecard at end of game.

Both umpires must fill out their name and signature at end of game.

Scorers, make sure to keep track of the centre pass – use the initial of the team to track, starting from the first centre pass. Do not write down the centre pass as having been taken until a pass has occurred, to ensure no confusion at half time if a centre pass was not taken. The umpires may defer to you to check whose centre pass it is.

List of players on team, in alphabetical order by surname. For grading rounds, this will be filled out in advance. For division rounds, use the team sticker provided. Under 1 & 2, teams should indicate the positions that were played by each player in that half of play (this is to aid our national selectors – scorers, please ensure that at the end of the match teams have filled this out).
