NETBALL FRANCE - LIGUE NATIONALE PILOTE

SCORE CARD

HOW TO SCORE

Please see directions on how to complete the score card below. Score cards must be signed by captains, technical officials and umpires at the end of the match. Please ensure the score card is complete and correctly filled out.

At the end of each match, the winning team should return the fully completed score card to ligues@netballfrance.com within one week of the match. Failure to do so will result in the match not counting towards the table.

Each team must provide one technical official. Technical officials should be non-playing (at least in the respective quarter). The two technical officials will stand and work together opposite the centre of the court to score and time the match, with each technical official performing one of the roles of scorer and timekeeper. The role of each technical official will be decided by a toss between the two technical officials prior to the start of the match. The timer should also ensure they are paying attention to the score and raising any potential issues at the time it happens.
